Letter from Under Secretary General

Honourable Delegates, Esteemed Chairs.

It is a great delight that we serve you as a Secretariat of Erbakır Science High School Conference. In November of 2019 in Denizli. Firstly I took the job, I wasn't know what to do or how this committee would operate, but days after days of research gaved me an opinion about how to run the committee and I decided to run as a fantasy committee and our Secretary General Mrs. Pelin Çoban approved my suggestion and I started working. I think this committee will give you an extra-ordinary experience about crisis and fantasy committees. Now, let's talk about this committee. Committee will take place in year of 1968. Year that Vietnam War is raiging on full swing and Nigerian Civil War was started two years ago and world hasn't found all Nazi War criminals yet. In this environment, delegates will try to solve international crimes that at least two states reported. Maybe even delegates will track down some old generals. Who knows? At the end I hope you all will enjoy the committee and make some good memories. If there is something you don't understand please don't hesitate to contact me via my email address below.

Yours Sincerely,

Göktuğ Şirin

Under Secretary General of INTERPOL

1. What is INTERPOL ?

International Criminal Police Organization for short INTERPOL is a international police organization that solves international crime and coordinates national police organizations and shares criminal database around member countries.

2. History of INTERPOL

INTERPOL was first conceptualized in 1914 when law enforcement and representatives of the justice systems from 24 countries met in Monaco at the first International Criminal Police Congress. Out of that congress 12 wishes for the future law enforcement cooperation around the world. Those 12 wishes expressed desire for better law enforcement systems and cooperative police actions around the world. That wishes made an impact on Vienna polices and they established the International Criminal Police Commission in 1923. From now on ICPC has started to operate. During World War II, ICPC fell under the Nazi control and even their headquarter's moved to Berlin. That time most of the world stopped being an member of ICPC but at the end of the war, headquarter moved to Paris and Lyon, as their headquarter's today. In 1949, ICPC recognized by United Nations as non-governmental organization around the world.

3. The Name INTERPOL ?

The name of INTERPOL wasn't used until 1956. The name comes from using short name for telegraph communication and in 1956 General Assembly of ICPC decided that name INTERPOL was much more good for an name so they changed to INTERPOL from ICPC.

4. How INTERPOL Operate?

Firstly in order to activate INTERPOL operation system, criminals has to reported as criminal at least two states. Then States that reports shares their information and database with President of INTERPOL and they cooperate together to catch and arrest criminal. In order to do so President and Secretary General of INTERPOL comes together at The Command and Coordination Centre (CCC) in Lyon to coordinate and appoint National Center Bureau's (NCB) of INTERPOL to solve and catch criminals and crime. NCB's operate with their staff members to solve crime. When NCB's cacht criminals they appeal to judicial systems in states which

criminal arrested. When judge of this province accept arrestment of this criminal, INTERPOL staff members can transfer criminals to their warranted states.

5. How committee of INTERPOL will Operate?

As I mentioned in my letter this committee is a fantasy committee and it will take place in year of 1968. Delegates will perform their detective abilities and they will chase international criminals by using resources in 1968 INTERPOL. In this committee delegates will represent their respective states National Center Bureau's while they are operating their staff under the observation of President of INTERPOL and Secretary General of INTERPOL. Read your detective stories and be ready for solving a web of international crime.
